Bob Hammond, Director

NEW BUSINESS

1. Recourse for construction that varies from approved plans:

Alan reported that new members of the ACC were interested in determining recourse if a Member builds something different than what was on the approved plans. Alan suggested a letter to the Member; Bob suggested a good neighbor visit, gently asking about the apparent changes prior to any letter. Alan agreed to make that visit to one Member's building prior to sending any letter. Ellen asked that it be agreed that any Committee member's recollection of an ACC discussion may only be THEIR interpretation.
